Draper City Municipal Code Section 9-19-110 requires Draper City to review any proposed land use which requires the preparation of a geologic hazards report to determine the possible risks to the safety of persons, property, and City infrastructure from geologic hazards. Before consideration of any request for *preliminary subdivision approval* or *site plan approval*, the geologic hazards report shall be submitted to the City for review. The City will complete each review in a reasonable time frame, not to exceed 45 days. All direct costs associated with the review of geologic hazard studies shall be paid by the applicant.

I understand the City uses qualified engineers to review geologic hazards reports. I agree to pay all direct costs associated with the review of the geologic hazard studies submitted in association with my project, including the charges of the reviewers. I agree to make payment of \$_____ before any onsite investigative work or submittal reviews by the City. I acknowledge any amount over the direct costs will be refunded to me by the City.
